

## How To Make A Mexican Mocha

Into a [blender](#), mix:

- 1 cup soaked raw almonds that you've soaked overnight
- 1 teaspoon cinnamon
- 1/4 cup cocoa powder or 1/4 cup carob powder
- 10 Dates (pitted) - but use 5 if you go with carob instead of cocoa
- Zest of 1 orange
- 1 teaspoon vanilla
- Pinch of sea salt (optional)
- 1/2-1 teaspoon cayenne pepper for kick (optional)

Blend ingredients for approximately 90 seconds. If you want it "pulpy" leave as is. If not, strain it into a pitcher using a cheesecloth.
